

# Simple Android App Ideas

Projects that can be built in about 30 minutes

Part A: General Apps | Part B: Kids Apps

**General apps: 98**

**Kids apps: 99**

**Total: 197**

## About This Document

These are very small Android Studio projects that use only buttons, text, images, sounds and simple logic. None of them needs an API, login, online database or complex design. Each one can be built with one or two screens, which makes them good for quick practice. Ideas are grouped by category, and each category lists the main skills it teaches.

Duplicate entries from the original lists were merged: Button Click Counter into Tap Counter, Grocery Checklist into Shopping List, Shape Coloring and Color the Shapes into one, and the repeated Memory Card Game and Rock Paper Scissors are kept in the general part with a separate kids version in Part B.

## Contents

### Part A: General Apps

1. Basic Apps: Clocks, Timers and Converters (11 ideas)
2. Input and Output Calculators (15 ideas)
3. Buttons, Randomness and Simple Games (14 ideas)
4. Student Apps (20 ideas)
5. Small Utility Apps (18 ideas)
6. Fun Mini Apps and Quizzes (20 ideas)

### Part B: Kids Apps

7. Alphabet and Language (10 ideas)
8. Numbers and Math (15 ideas)
9. Colors and Shapes (12 ideas)
10. Animals and Nature (11 ideas)
11. Memory and Thinking (12 ideas)
12. Music and Sound (10 ideas)
13. Creative and Drawing Apps (9 ideas)
14. General Learning (15 ideas)
15. Very Simple Kids Games (5 ideas)

### Recommended Build Order

General apps and kids apps: easiest projects to start with

# Part A: General Apps (98 ideas)

## 1. Basic Apps: Clocks, Timers and Converters

Skills practiced: TextView, Button, simple layouts, handlers and basic arithmetic.

| No. | App Idea                   | No. | App Idea                         |
|-----|----------------------------|-----|----------------------------------|
| 1   | Digital Clock              | 7   | BMI Calculator                   |
| 2   | Stopwatch                  | 8   | Temperature Converter            |
| 3   | Stopwatch with Lap Counter | 9   | Currency Converter (fixed rates) |
| 4   | Countdown Timer            | 10  | Unit Converter                   |
| 5   | Simple Calculator          | 11  | Percentage Calculator            |
| 6   | Age Calculator             |     |                                  |

## 2. Input and Output Calculators

Skills practiced: EditText input, type conversion, formulas and showing results.

| No. | App Idea                     | No. | App Idea                         |
|-----|------------------------------|-----|----------------------------------|
| 12  | Name Greeting App            | 20  | Attendance Percentage Calculator |
| 13  | Student Grade Calculator     | 21  | CGPA Calculator                  |
| 14  | Electricity Bill Calculator  | 22  | Marks Average Calculator         |
| 15  | Simple Interest Calculator   | 23  | Speed Calculator                 |
| 16  | Compound Interest Calculator | 24  | Distance Calculator              |
| 17  | Salary Calculator            | 25  | Fuel Cost Calculator             |
| 18  | Discount Calculator          | 26  | Loan EMI Calculator              |
| 19  | Tip Calculator               |     |                                  |

## 3. Buttons, Randomness and Simple Games

Skills practiced: Random class, conditions, counters and button events.

| No. | App Idea                | No. | App Idea                           |
|-----|-------------------------|-----|------------------------------------|
| 27  | Random Number Generator | 34  | Random Name Picker                 |
| 28  | Random Color Generator  | 35  | Random Password Generator          |
| 29  | Dice Roller             | 36  | Number Guessing Game               |
| 30  | Coin Toss               | 37  | Rock Paper Scissors                |
| 31  | Lucky Number Generator  | 38  | Simple Tic-Tac-Toe                 |
| 32  | Yes/No Decision Maker   | 39  | Tap Counter (button click counter) |
| 33  | Random Quote Generator  | 40  | Reaction Timer                     |

## 4. Student Apps

Skills practiced: lists, checkboxes, simple data storage and multi-screen navigation.

| No. | App Idea                      | No. | App Idea                   |
|-----|-------------------------------|-----|----------------------------|
| 41  | Student Profile Card          | 51  | Classroom Number Finder    |
| 42  | Class Timetable               | 52  | Semester Calculator        |
| 43  | Exam Countdown                | 53  | Grade Converter            |
| 44  | Assignment Checklist          | 54  | Study Goal Tracker         |
| 45  | Daily Study Timer             | 55  | Exam Preparation Checklist |
| 46  | Study Session Counter         | 56  | Important Dates List       |
| 47  | Subject-wise Marks Calculator | 57  | College Event List         |
| 48  | Attendance Tracker            | 58  | Simple Notes App           |
| 49  | Homework List                 | 59  | Flashcard App              |
| 50  | College Contact List          | 60  | Daily To-Do List           |

## 5. Small Utility Apps

Skills practiced: text handling, lists, reminders and basic device features.

| No. | App Idea                  | No. | App Idea                     |
|-----|---------------------------|-----|------------------------------|
| 61  | Torch Controller          | 70  | Shopping and Grocery List    |
| 62  | QR Code Generator         | 71  | Packing Checklist            |
| 63  | QR Code Scanner           | 72  | Water Intake Counter         |
| 64  | Simple Text Counter       | 73  | Habit Counter                |
| 65  | Word Counter              | 74  | Daily Mood Selector          |
| 66  | Character Counter         | 75  | Birthday Reminder            |
| 67  | Text Case Converter       | 76  | Contact Information Card     |
| 68  | Password Strength Checker | 77  | Emergency Contact App        |
| 69  | Simple Reminder App       | 78  | Screen Brightness Controller |

## 6. Fun Mini Apps and Quizzes

Skills practiced: arrays, random selection, score counting and image display.

| No. | App Idea            | No. | App Idea                |
|-----|---------------------|-----|-------------------------|
| 79  | Emoji Generator     | 89  | Movie Quiz              |
| 80  | Emoji Matching Game | 90  | Personality Quiz        |
| 81  | Color Guessing Game | 91  | Would You Rather        |
| 82  | Memory Card Game    | 92  | Truth or Dare Generator |
| 83  | Simple Quiz App     | 93  | Spin-the-Wheel App      |
| 84  | GK Quiz             | 94  | Magic 8-Ball            |

| No. | App Idea        | No. | App Idea                      |
|-----|-----------------|-----|-------------------------------|
| 85  | Math Quiz       | 95  | Fortune Cookie App            |
| 86  | True/False Quiz | 96  | Simple Riddle App             |
| 87  | Flag Quiz       | 97  | Daily Challenge Generator     |
| 88  | Animal Quiz     | 98  | What Should I Eat? Randomizer |

### Recommended build order for general apps

1. Greeting App
2. Calculator
3. BMI Calculator
4. Grade Calculator
5. Dice Roller
6. Quiz App
7. To-Do List
8. Notes App
9. Attendance Tracker
10. Timetable

This order moves from buttons and text, to inputs, calculations, conditions and lists, and finally to local data, without a sudden jump to hard Android concepts.

## Part B: Kids Apps (99 ideas)

### 7. Alphabet and Language

Skills practiced: images, text, flashcard screens and simple matching.

| No. | App Idea         | No. | App Idea                  |
|-----|------------------|-----|---------------------------|
| 1   | ABC Learning App | 6   | Uppercase/Lowercase Match |
| 2   | Alphabet Quiz    | 7   | Alphabet Flashcards       |
| 3   | Letter Tracing   | 8   | Letter Sound App          |
| 4   | Find the Letter  | 9   | Word Builder              |
| 5   | Missing Letter   | 10  | Picture-to-Word Match     |

### 8. Numbers and Math

Skills practiced: arithmetic, comparisons, random questions and score tracking.

| No. | App Idea                | No. | App Idea            |
|-----|-------------------------|-----|---------------------|
| 11  | Number Learning         | 19  | Multiplication Quiz |
| 12  | Number Flashcards       | 20  | Division Quiz       |
| 13  | Count the Objects       | 21  | Number Sequence     |
| 14  | Number Tracing          | 22  | Missing Number      |
| 15  | Find the Bigger Number  | 23  | Even or Odd         |
| 16  | Find the Smaller Number | 24  | Simple Math Game    |
| 17  | Addition Quiz           | 25  | Counting Game       |
| 18  | Subtraction Quiz        |     |                     |

### 9. Colors and Shapes

Skills practiced: color resources, shapes, image buttons and matching logic.

| No. | App Idea            | No. | App Idea                          |
|-----|---------------------|-----|-----------------------------------|
| 26  | Learn Colors        | 32  | Shape Matching                    |
| 27  | Color Matching      | 33  | Find the Shape                    |
| 28  | Guess the Color     | 34  | Shape Quiz                        |
| 29  | Find the Same Color | 35  | Shape Coloring (color the shapes) |
| 30  | Color Mixing        | 36  | Odd Shape Out                     |
| 31  | Learn Shapes        | 37  | Shape Memory Game                 |

### 10. Animals and Nature

Skills practiced: image and sound resources, MediaPlayer and quiz logic.

| No. | App Idea              | No. | App Idea             |
|-----|-----------------------|-----|----------------------|
| 38  | Animal Flashcards     | 44  | Sea Animals          |
| 39  | Guess the Animal      | 45  | Birds Learning       |
| 40  | Animal Sounds         | 46  | Insects Learning     |
| 41  | Match Animal to Sound | 47  | Animal Baby Names    |
| 42  | Farm Animals          | 48  | Animal Food Matching |
| 43  | Wild Animals          |     |                      |

## 11. Memory and Thinking

Skills practiced: arrays, sequences, shuffling and tap-order checking.

| No. | App Idea              | No. | App Idea               |
|-----|-----------------------|-----|------------------------|
| 49  | Kids Memory Card Game | 55  | Spot the Difference    |
| 50  | Find the Odd One      | 56  | Simple Puzzle Game     |
| 51  | What's Missing?       | 57  | Which Comes Next?      |
| 52  | Pattern Matching      | 58  | Find the Hidden Object |
| 53  | Complete the Pattern  | 59  | Remember the Sequence  |
| 54  | Picture Matching      | 60  | Tap in Correct Order   |

## 12. Music and Sound

Skills practiced: playing sounds on button press and sound-based quizzes.

| No. | App Idea              | No. | App Idea               |
|-----|-----------------------|-----|------------------------|
| 61  | Musical Instruments   | 66  | Alphabet Sound Board   |
| 62  | Instrument Sound Quiz | 67  | Nursery Rhyme Selector |
| 63  | Piano for Kids        | 68  | Sound Guessing Game    |
| 64  | Drum Pad              | 69  | Clap Counter           |
| 65  | Animal Sound Board    | 70  | Make a Simple Beat     |

## 13. Creative and Drawing Apps

Skills practiced: custom canvas drawing, touch events and color selection.

| No. | App Idea              | No. | App Idea                |
|-----|-----------------------|-----|-------------------------|
| 71  | Kids Drawing Pad      | 76  | Draw a House            |
| 72  | Digital Coloring Book | 77  | Draw an Animal          |
| 73  | Finger Painting       | 78  | Create Your Own Monster |
| 74  | Sticker Board         | 79  | Emoji Drawing           |
| 75  | Simple Pixel Art      |     |                         |

## 14. General Learning

Skills practiced: image-and-text lessons, lists and simple quizzes.

| No. | App Idea              | No. | App Idea              |
|-----|-----------------------|-----|-----------------------|
| 80  | Body Parts Learning   | 88  | Months of the Year    |
| 81  | Fruits Learning       | 89  | Good Habits Learning  |
| 82  | Vegetables Learning   | 90  | Healthy Food Learning |
| 83  | Vehicles Learning     | 91  | Road Safety Quiz      |
| 84  | Seasons Learning      | 92  | Basic Opposites       |
| 85  | Weather Learning      | 93  | Community Helpers     |
| 86  | Solar System for Kids | 94  | Countries and Flags   |
| 87  | Days of the Week      |     |                       |

## 15. Very Simple Kids Games

Skills practiced: tap events, random positions, timers and scoring.

| No. | App Idea                 | No. | App Idea                                                                                                                |
|-----|--------------------------|-----|-------------------------------------------------------------------------------------------------------------------------|
| 95  | Kids Rock Paper Scissors | 98  | Tap the Correct Answer                                                                                                  |
| 96  | Balloon Tap Game         | 99  | Kids Learning Challenge (random small questions such as: Find the red color, Which animal says moo, What comes after 4) |
| 97  | Catch the Star           |     |                                                                                                                         |

### Easiest 10 kids apps to build in 30 minutes

1. Animal Sounds
2. Alphabet Flashcards
3. Number Flashcards
4. Color Matching
5. Shape Matching
6. Addition Quiz
7. Guess the Animal
8. Find the Bigger Number
9. Days and Months Learning
10. Kids Drawing Pad

These need only one or two screens, so they are good for quick practice rather than full projects.
